COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, NOVEMBER 15, 1916.

NUMBER 3

"WHEN MALINDA SINGS."

The latest figures in the National election show that Mr. Wilson carried twenty-eight States for certain, giving him 269 votes in the electoral college, three more than is necessary. To the 269 votes you can add New Hampshire 4 votes and New Mexico 3, which will give him 276 votes, 266 elects. Minnesota and West Virginia, with 20 votes, in all probability have been carried by Mr. Hughes which will make his vote in the electoral college 255. If he had carried New Hampshire and New Mexico he would have then been short 4 votes, so the reader can see that Mr. Wilson's election is beyond question.

Mr. Wilson's majority of the popular vote is considerably over four hundred thousand.

On Tuesday night, when the returns commenced to come in, the reports were very favorable for Mr. Hughes, and the Democrats felt blue and many were of the opinion that Mr. Wilson had lost the election, but a message went over the wires from Vance McCormick, Chairman of the National Democratic Committee, saying that if Ohio is carried by the President he will be elected; that the West would do the rest, and it turned out as he predicted. Ohio went Democratic by something like eighty thousand, and the West dropped in a sufficiency to make the 269 votes.

There is one gratifying thing this election shows, and that is that a Democratic President can be elected without New York, Indiana and Illinois.

Before the election the Republicans were claiming that Mr. Hughes would get the German vote solidly, but he failed in that as many of them supported the Democratic candidate, and to-day all Europe is glad that Mr. Wilson has been re-elected.

When you take into consideration that there were in the United States something like a million and a half more Republicans than there were Democrats, the President run the most remarkable race ever pulled off in the history of the country. While Wall Street was doing what it could to advance Mr. Hughes' interest, the common people throughout the country were laying plans to elect Mr. Wilson, and so they did, and the country has now settled down to business.

The Upper House of Congress will have a Democratic majority of ten or twelve, but the lower House is close, the Republicans having a majority of one or two. There are six independent Representatives and it is believed that five of them will act with the Democrats, but in our judgment it is uncertain as to how they will vote. This information will come out in the election of the speaker of the House.

Kentucky that the Republicans made a desperate effort to carry went a little over 27,000 for the Democratic ticket.

All the ten Democratic Congressmen in this State were re-elected. Mr. Helm's majority over Mr. L. T. Neat is something over three thousand.

The Democrats throughout the United States are rejoicing because they have a right to shout when they feel good.

The emblem of our party is a game rooster. Our large ones are away from the office crowing with their neighbors. The little fellow at the head of this column, is making all the noise he can, and is happy in "sending the news to Mary."

NOTES.

Senator Kern, who was defeated for United States Senator in Indiana, may go into the cabinet.

Democratic parades were participated in all over the country last Friday and Saturday nights.

The Democratic boys of Columbia celebrated by firing anvils.

The yell for the Western boys football team is: "Hi Rah Hoo, Hi Rah Hee, Wilson, Wilson, one, two three."

The Republicans felt sure they would defeat Bob Thomas in the Third, but they were doomed to disappointment.

No break in the solid South, and Missouri and Kansas showed up on the right side.

reverberated with the yells of Democracy.

Taylor County that went Republican in the last State race, got back in the Democratic column.

You can always depend upon old Barren. She gave a Democratic majority of over eight hundred.

It is estimated that 6,000 Republicans and Progressives in Kentucky voted for Wilson.

It appears that all the States where women voted were carried for Wilson except Illinois.

For Rent.

A house and lot of five acres of land, on Greensburg street, 1/2 mile from the court-house. Good orchard, good garden and all necessary outbuildings. Write, call on or 'phone E. L. Feese. Box 173, Columbia, Ky.

Sold Fine Stallion.

Mr. C. D. Hagan, of Parksville, sold to Mr. R. H. Price, of Columbia, Ky., his great breeding stallion, "Red Peavine." Red Peavine is one of the richest bred stallions in Kentucky and has made a great record, producing a number of good ones. At a recent saddle horse sale, held in Springfield, Ky., a filly colt sired by Red Peavine, was bought by Miss Craft, of Boston, Mass., for \$450; only one in the sale brought a higher price, this was a six year-old mare. Not only is Mr. Price, but stockmen of Adair county, are in deed fortunate in securing this great horse. By breeding their mares to Red Peavine, they will secure the very highest class colts, colts that will grow into good money. Mr. Price who bought the horse is known to many residents of the county. It was at Parksville he secured one of the best young women in Kentucky for a wife.—Danville Messenger.

Wanted.

Man past 30 with horse and buggy to sell Stock Condition Powder in Adair county. Salary \$70 per month. Address 9 Industrial Building, 3-1t. Indianapolis, Indiana.

Seriously Stabbed.

Last Tuesday, at the Gum Lick voting precinct, in Casey County, Mr. Charley Overstreet, who is well-known in the upper end of Adair county, was seriously stabbed by Sam Henry Sandusky. The trouble, it is reported, came up over a debt due Mr. Overstreet from Sandusky. A quarrel went to a fight and Overstreet was stabbed over the heart and is now in a serious condition. It is not known at this office who struck the first blow, but it is said that Overstreet was surprised at being stabbed.

Mr. Woodson Lewis, Greensburg, has a new "ad" this week. Read what he has to say.

New Epoch in Political Life.

London, Nov. 11.—The Manchester Guardian attributes President Wilson's success to the rallying of a sufficient number of the Progressive votes which Roosevelt gained in 1912. "It seems a small thing," this newspaper continues, "but yet it may indicate a new epoch in American political life. The Progressive movement arose entirely independently for foreign politics."

"Many Progressive votes given to Wilson are given with the mental reservation that they will not go again to a Democratic candidate unless Wilson confirms the faith of the Progressives by consolidating what is still only tentative. If he does that he will have established himself as the ablest statesman since Lincoln, and he may be destined to play a part in the achievement of peace which will give him a place in world history."

The Meeting Closes.

The series of meetings which were begun at the Baptist church ten days ago, closed last Sunday night. Rev. DeGarmo preached strong sermons from the start, putting the ungodly to thinking, and there were a number of additions to the congregation before and at the close of the series, and others say that they will unite with the church later. The singing, led by Mr. McCravy, was inspiring throughout, and the church was crowded each evening during the ten days. Rev. DeGarmo and his helper endeared themselves to the people of Columbia and vicinity, and in parting many gave them the hand of endorsement. They went from here to Pineville where they are now engaged in a meeting.

Later, During the meeting there were fifteen additions to the Church, ten for baptism. There were also a number of other professions. The audience of baptism will be administered next Sunday afternoon at 3 o'clock.

Basket Ball game at the Graded School Gym, this place, Wednesday night at 7:30 p. m. The Russell Springs team will meet the Graded and High School team. Admission, 20 cents.

Greatest Increase Since Civil War

Washington, Nov. 11.—Secretary Tumulty last night sent the following message to President Wilson at Williamstown Mass.:

"Election returns conclusively demonstrate that your victory at the polls is clear and decisive. You have carried two-thirds of the States of the Union. The four years of your Administration have brought you approximately 2,266,614 more votes than when you were first elected in 1912. This is the greatest increase given to an American President for a second term since the Civil War. Your vote last Tuesday was 2,060,708 more than ever previously recorded for a Democratic candidate, and, despite character of opposition, is the largest vote ever received by a President from the people of this country—952,955 more than the total Roosevelt and Taft vote of 1912, according to bulletin received from the Associated Press."

Dr. P. V. Ballou, who is a surgeon in the United States army, has removed his family from Rowena to Columbia and they are occupying Mrs. Sallie Bradshaw's residence, on Burkesville street. It is an excellent family and we are glad to have them with us.

Career of Woodrow Wilson.

Born, December 28, 1856, in Staunton, Va. Scotch-Irish descent. Son of Joseph Ruggles Wilson and Jessie Woodrow.

1875—Entered Princeton University. Became interested in history and defects in American system of Government.

1879—Graduated from Princeton. Took course in law at University of Virginia.

Rested with parents a year at Wilmington, N. C.

1882—Began practice of law in Atlanta, Ga.

1883—Met Miss Ellen Louise Axson, whom he afterward married.

1885—Student at John Hopkins University. Married on June 24th. Began teaching a girls' school, Bryn Mawr, near Philadelphia.

1888—Teacher of political economy and history at Wesleyan University, Connecticut.

1890—Professor of jurisprudence and politics at Princeton University. Author of many books, including "History of the American People."

1902—President of Princeton University. Established preceptorial system, which took care of the students' spare time. Attempted to break up cliques in college and have students' commingling in dormitories. Plan finally rejected by trustees, after being accepted.

1910—Became candidate for Governor of New Jersey, being taken up by James Smith, Jr., in Democratic year. Elected by almost 50,000 majority.

1911—Blocked Smith's design to get into United States Senate. Stood for primary system. Called "ingrate" by Croker. Denounced by James R. Nugent, of New Jersey, as "Liar and ingrate."

1912—Nominated for President of United States after heated fight in Democratic Convention, William J. Bryan quitting Clark at a crucial moment and throwing his strength toward the New Jersey Governor.

1913—Inaugurated President. Began to deliver messages to Congress instead of having them read by a Congress clerk. "Pushed through Congress Tariff Bill, lowering schedules and making wool and many other things free, with sugar free in three years. Demanded repeal of Panama Canal tolls clause Congress acceded to request."

1914—Congress passed and President signed Federal Reserve Bill. Anti-trust Bill and similar measures passed. Continued struggle to get rid of Huerta. Finally successful when dictator abdicated. Mrs. Wilson died.

1915—Had controversy with Germany regarding submarine attacks on ships. As result of notes Germany promised not to torpedo ships without warning nor any neutrals unless they carried contraband of war.

1915—Married second time, December 18, to Mrs. Edith Gault, of Washington.

1916—Re-nominated to Presidency. Controversy with Carranza regarding American troops in Mexico. Trouble averted.

1916—Urged Congress to pass eight-hour law to avert railroad strike. Congress followed advice.

Announcement.

We are authorized to announce Kint Montgomery a candidate for County Judge of Adair county, subject to the action of the Democratic party in the August primary 1917.

Mr. A. A. Huddleston, State's Attorney, of Burkesville, who is an ardent Republican, was here Tuesday night while the returns were coming in. The first reports were very favorable to Mr. Hughes. He concluded that a News man needed some consolation, and he said to us: "Hold up your head; don't look so crestfallen. When it is all over I will give you a rooster supper at Burkesville and invite in all the people." He was here Friday morning and the first thing he said, upon meeting us was: "Look here! I have called off that Rooster supper."

Last year Bardstown played Lindsey one of the hardest games of the season. They were hard to beat in that the Lindsey boys could never tell what to look for. This year the game promises to be very close.

Mr. J. C. Sims, manufacturer of Granite and Marble Monuments and Tombstones, Lebanon, Ky., has been selling stones in Columbia and Adair county for a good many years. He does first-class work and his prices are very reasonable. He, or one of his representatives make Columbia every few weeks, and persons who expect to buy stones should see him and get his prices. 2-4t.

Quick to Reach Stage.

[Courier-Journal]

Woodrow Wilson's victory was celebrated amid much enthusiasm at Keith's Theater last night when the Bowman Brothers, Louisville comedians, sang a couple of verses to the tune of the National anthem commemorating the conquering of Wall street and the return of the rule of the people. The verses, by Charles Hamilton Musgrove, of the Louisville Times, were written for the Bowmans a few minutes before they went on, and the comedians broke all stage records in "getting it down," while Harry Cook, the orchestra leader, covered himself with glory by accompanying the singers without a score. The verses, which were received with lusty cheers, follow:

"Our Woodrow, 'tis of thee,
You gave us liberty,
Of thee we sing.
Hughes thought the nation's vote
Bowed to a greenback note.
But you just got his goat—
You did, by jingo!
"Our Woodrow, 'tis of thee,
You'll bring prosperity,
To low and high;
Hark to that Wild West whoop!
You licked that Wall-street group;
Hughes' whiskers are in the soup,
Good night, good-bye!"

Case Continued.

Mr. A. A. Huddleston, Commonwealth's Attorney in this district, was here Friday, enroute to his home, in Burkesville, from Stanford. He was called to Stanford to assist in the prosecution of Lorenzo King, who killed John Baker, in Lincoln county, some months ago. It was the first court since the killing, and the defense was not ready, the case being continued until the February term. Mr. Huddleston is employed by the sons of the dead man.

Announcement.

The Lebanon Enterprise of last Thursday contained the following:

Mr. and Mrs. C. U. Bosley announce the engagement of their daughter, Miss Mary Bosley, to Mr. Rollin P. Browning, of Columbia. The wedding will take place in Louisville November 23rd.

To and For Young Farmers.

The way to keep from leaving your families, in want, it is what you do or don't do, so we will see what we should not do.

Don't fail to be loyal to your creditors.

Don't drink whisky at any time nor coffee except for breakfast if then.

Don't stand or sit around stores or other loafing places.

Don't go in debt except it is for things that makes a profit.

Don't whip or abuse your stock in any way.

Don't get up late at morning.

Don't stand around or be slow after you do get up.

Don't take the advice of those that can't help themselves.

Don't fail to let your hands mind run fast after your own business.

Don't get in the habit of gaming.

Don't put in more crop than you can fix and cultivate well.

Don't waste your feed or anything else.

Don't smoke around your barn or barnyard.

Don't fail to fill your woodshed before hot weather, do it while you can't do farm work.

Don't fail to keep your tools in the shed except during the season when using them.

Don't fail to put your tools in working order while it rains.

The scripture says, "None so blind as those that won't see," "None so deaf as those that won't hear," and he that won't support his household is worse than an infidel.

Don't tear this up if you can't use it, show it to some one else it might keep some man from filling a pauper's grave while his wife and children stand on the bank and the children crying and pulling at their mother asking her to go home and the mother's heart bleeding and her mind thinking that she had no home or bread to take them to. November 12, 1916.

J. S. Breeding.

The Teachers' pay check failed to arrive last Saturday. The State Superintendent hopes to be able to send it by next Saturday.

Mr. W. T. Ottley and wife; Mr. Press Sandidge and wife, and Mr. Burton Ross, all of Burkesville, passed through Columbia Thursday, enroute to Louisville and Frankfort.

Mr. and Mrs. H. N. Miller motored to Crocus Saturday. They were accompanied by Mr. N. B. Miller and wife, of Buffalo, N. Y., who remained to visit relatives for a few days.

Mr. J. L. Wilson, who is a prominent druggist, of Greensburg, Mr. J. L. Durham and wife, Mr. Durham, being a general merchant, also of Greensburg, and Mr. and Mrs. J. D. Kessler, the former being a timber dealer, Greensburg, attended the revival here last Sunday.

Foot Ball.

A hard-fought game will be played next Saturday. Bardstown vs. Lindsey-Wilson.

In another column will be found the announcement of Mr. Kint Montgomery who seeks the Democratic nomination for County Judge in the August primary. Mr. Montgomery is an old time Democrat—that is he believes in the rule of the people in the broadest sense and not for rings, cliques or clans. By occupation he is a farmer and carpenter and enjoys the confidence and good will of a broad acquaintance. In presenting his candidacy he does it in the plain Democratic way by stating that if nominated he will use all honorable means to win, and if elected will serve this county free from partisan bias—doing justice in every instance. Mr. Montgomery is for good roads and for progress, and will not falter nor flinch when clothed officially with the power of county Judge. He will later on canvass the county and present his claim to the voters and will abide their decision as a true and loyal Democrat. Read his announcement and consider his claims in a just and considerate way.

Mr. Ray Flowers lost one of his front teeth Monday morning. He was working with his colt when the animal struck him in the mouth with its head with the above result.

W. D. Bradshaw, Georgetown, bought 105 head of cattle in Adair county in last week. He paid from \$20 to \$55 per head.

Trustees can now get their pay for taking school census last spring by calling at the County Superintendent's office.

Circuit court will convene at Greensburg next Monday, and a large crowd is expected to be in town.

The White Moon preparations are advertised in to-day's paper.

ANNOUNCEMENT.

For Sheriff.

We are authorized to announce W. B. PATTERSON a candidate for Sheriff of Adair County subject to the action of the Republican primary of 1917.

WORK ON DUG HILL PROGRESSING.

The movement being made to grade the hill, known as the Dug hill, is meeting with enthusiastic support. On the first and second days of this month the work was started being forty-seven men present the first and 30 odd on the second. On Wednesday, last week, and Thursday forenoon a larger number were present. About one mile has been cleared and a large part of it grubbed and the grade work started. Next Wednesday and Thursday it is hoped that every one interested in the movement will be present with shovels, mattocks or something to move dirt. This is a big undertaking, but it means too much for this county, especially the upper end and Columbia, to permit it to fail. Every man between Columbia and the Casey county line ought to put in a day's work and those who have teams should use them in helping to make this road. We are now ready to use a large number of teams to plow and scrape, and if you can, bring a team on Wednesday, today, and tomorrow. This work is under the supervision of Squires Shepherd and Ellis. A correct account will be kept of all donations and when completed will be made public that the county may know who are proving their faith by their works in making good roads. Dug hill is the worst piece of road between Columbia and Cincinnati, and when it has been graded on the survey, will give this county an outlet of great value. The business interest of this town ought to wake up to the importance of this movement and help make this grade. Several have already responded with work and cash, but only a few. When the upper end of this county has been brought in close touch with Columbia by a good road the effect on business will be shown. Again, if we are not to profit by business, we ought to help remove this bad piece of road by making a good one. Wednesday and Thursday, this week, Wednesday and Thursday, next week. Bring your team and help in this progressive movement.

Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable at Paul Drug Co. Adv.

Vital Statistics.

Kentucky being a Southern State with a large percent of its population comprised of negroes, has attracted considerable attention from the rest of the States that keep Vital Statistics records and which have only a small percent of negro population. A resume of the 1915 Vital Statistics records of Kentucky shows that there were 23,541 deaths of white people recorded during the year and 5,519 deaths of negroes. The total estimated white population of Kentucky was 2,115,315 and total colored population was 249,970. This gave a death rate of 11.1 for whites and 22.9 for blacks per 1,000 population. It is very significant that the diseases of the respiratory organs are responsible for a much larger death rate among the colored population than the white.

The death rate per 100,000 white population was 144.8 and 434.2 in the colored for tuberculosis of the lungs. The rate per 100,000 for other forms of tuberculosis for white population was 20.1 and for colored population, 41.6. Pneumonia gave a death rate of 89.1 per 100,000 for the white and 204.5 for colored population. Whooping cough gave 8.9 for white and 15.6 for the colored population. Influenza or grippe gave 19.7 for the white and 38.4 for the colored population.

Diarrhea and dysenteric diseases, including typhoid fever, afford a striking example of the high death rates in the colored population, the rates per 100,000 being 27.5 for whites and 49.2 for colored population for typhoid.

The diarrheal and dysenteric diseases of children under two years of age gave a death rate of 31.9 for white and 41.2 for colored population. Dysentery of people age two years and over gave a rate of 14.8 for the white and 25.4 for the colored population.

These facts are of vital importance to the people of the State because of the intimate relation of the colored and white population on account of the servant problem. The record shows that for this year which is typical of the prevailing conditions, there were about three times as many negroes afflicted with tuberculosis as whites, assuming the mortality rate to be of the same severity. A tubercular cook in the kitchen is more dangerous to a family than an unconfined lunatic.

In the latter case, upon the first act of violence, he would be confined by society. In the former case, there is nothing to prevent such an individual from infecting each and every member of the household, and containing the process as often as she is hired by other families.

Tuberculosis sputum containing myriads of germs of consumption, can be readily spread by contact of the fingers with the mouth and nose or the handkerchief, and from the fingers it can be spread upon such foods as are not thoroughly sterilized by cooking, giving rise to an intestinal form of tuberculosis. Careless spitting on the part of a domestic will result in many of these germs finding their way through dust to the lungs of members of the family who necessarily visit the kitchen. Maids

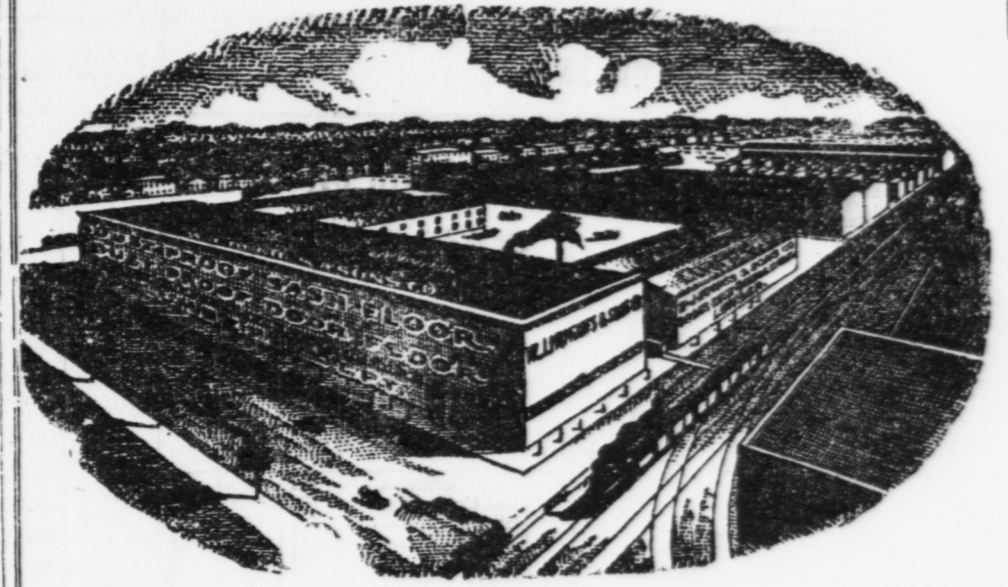

Sufferer From Indigestion Relieved.

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable at Paul Drug Co. Adv.

affected with tuberculosis have access to the sleeping chamber of the family, and the same carelessness due to ignorance or indifference leads to disastrous results. It is well known that many epidemics of typhoid fever have been traced to cooks who previously had suffered an attack of typhoid and who continued to discharge from the bowels millions of these seeds of the disease for weeks or often months. Negro cooks in the matter of personal habits have rather unenviable reputations and are especially dangerous when they are carriers of the disease. They are careless of the fingers nails or in the matter of washing soiled hands and have abundant opportunities for permitting this foul material laden with germs to come in contact with the food of the family. This is especially true in handling milk, which is almost always drunk without being sterilized. It is well to know that the South has higher death rate from typhoid and tuberculosis. Some public health officials, and people who take pride in the land of their birth, endeavor to explain this and excuse it by saying it is because of the high percentage of the negroes in the population of the South and their high death rate. This does not lessen the importance of the public health problem, but rather magnifies it for the reasons above given. A white man, woman boy or girl dead from typhoid fever or consumption, which came from a negro infective agent, is just as dead as if the disease had not been contracted from a white person, and any work of health reform which leaves out of consideration education and control of the colored population is worse than useless and is folly. The death rate per 100,000 of white from violence was 64.8 and of colored, 132.8. Cancer showed a slight increase in the death rate of colored population. Diphtheria showed a rate of 24.7 in the white and 12.8 in the colored population. Measles showed a slight decrease in colored population. Pellagra, meningitis and scarlet fever had approximately the same rate.

Head-off That All-winter Cough.

At the first sign of sore throat, tight chest or stuffed-up head take a dose of Dr. Bell's Pine-Tar-Honey. The healing pine tar, soothing honey and glycerine quickly relieve the congestion, loosen the phlegm and break up your cold. Dr. Bell's Pine-Tar-Honey has all the benefits of the healing aroma from a pine forest, it is pleasant to take and antiseptic. The formula on the bottle tells why it relieves colds and coughs. Crop Report.

October 1st, 1916.

The crop report as of October 1st is rather difficult to summarize as it is almost entirely preliminary estimates on the results of this year's products and the acreage for next. The corn is not all gathered. The silos are all not yet filled. Most of the tobacco crop is housed, but not all of it. Not a great deal of wheat has been sown, and while some progress has been made this past month in the seeding of wheat, rye and barley, much of the fall seeding has been delayed. Especially is this so of wheat. Many of the farmers hope by this late sowing to avoid the ravages of the Hessian fly. Early sown wheat is more liable to become infested with this fly. The price of seed wheat is very high, and this will likely cut the final acreage of fall wheat sown.

The facts ascertained by the Department at this time are as follows: The preliminary estimate of wheat sown is 84 per cent., rye is 87 per cent., and, while but little barley is raised in Kentucky, the estimate on that is given at 88 per cent. The estimated yield of corn per acre is given as a State average of 29.8 bushels. Hemp yield is estimated at 996 pounds per acre.

The tobacco crop is good, and 90 per cent., of same is reported housed and most of it curing well. Some of the late tobacco is not curing so well. However, the crop is of unusual color, texture and quality. It is estimated that Burley Tobacco will yield 919 pounds per acre, and Dark Tobacco will yield 851 pounds per acre as a State average. This is an unusually high estimate and runs about 78 and 77 pounds per acre respectively heavier than last year's report.

The Irish and sweet potato crop are reported poor generally throughout the State, the average yield of Irish potato being given at 73 bushels per acre and of sweet potato 79 bushels. Late garden conditions are poor. The condition of live stock is good. The reports of grasses in different sections vary and taken as a whole are in good condition, Blue Grass being given at 87 per cent., clover 86 per cent., while orchard grass shows at 91 per cent., and alfalfa at 88 per cent. The third cutting of alfalfa was cut very short by the dry weather. In some localities it is reported the fourth cutting will be ready in a few days. Much of the crimson clover was killed out by the late drouth.

Now is the time for the farmer to put in some cover crops if he has not already done so. Rye, barley or winter vetch will prevent washing of the land and retain the fertility also. Reports show a large increase in the numbers of farmers who are using limestone and rock phosphate with good results. It is cheaper to raise fertility than buy it.

Respectfully submitted,
Mat S. Cohen,
Commissioner of Agriculture.

Owensb.

As we have been busily engaged in traveling over the hills and hollows of southern Kentucky, enjoying old mother nature in all her beauty and splendor, interspersed with the soft autumnal breezes, we again chrouice a few reminiscences of the dim and mystic past.

The general topic of conversation in this neck of the woods is who will win, Wilson or Hughes? From reading the daily paper it seems that all is well, for to the 7th of November, it appears that the old Elephant and Moose will be running side by side at break neck speed, while the old donkey will be snorting and panting in an effort to keep in sight.

Mr. B. A. Lawless, one of the county's best teachers, and also postmaster at Sewellton, Ky., lost his house and contents by fire on the night of October the 4th. Origin of the fire supposed to have been from a defective flue.

Mr. S. B. Collins has sold his big saw mill to Rakestraw & Hopper, price \$600.

Rev. I. M. Grimsley, pastor of Mt. Vernon church, filled his regular appointment on last 3rd Saturday and Sunday. He also sang on Friday night.

Fred Knight, who last winter bought Ben Allen's store house and stock of groceries, has sold the house back to Ben. He has moved the groceries home and will build a house near John Payne.

There was a large crowd in attendance at Jamestown the first day of court. E. G. Asher, Jackson Morris and Caleb Powers delivered speeches in behalf of Charles E. Hughes, the Republican nominee for President. Mrs. Powers was also in attendance.

Aalvin Acree bought a small place of Finley Gaskin, for \$160.

M. L. Owens has sold his store to L. L. Warner, and his farm to Owen McKinley. As Mr. Warner has had quite a lot of experience, we take it that he is a first-class business man, endeavoring as Mr. Owens has been doing, to serve his many customers and friends to the best of his ability. Mr. Owens and family, after disposing of their household furnishings, will take their departure for Texas, where, after spending a few weeks visiting, will locate at Tulsa, Oklahoma. We are indeed very sorry to lose Mr. Owens and his interesting family, for they are fine people, Mr. Owens himself, being a gentleman of broad experience, and an up-to-date business man. He is a great church and Sunday School worker, one who is ever ready to lend a helping hand to those in distress, and whose whole aim is to build up the community in which he lives. He will therefore be greatly missed. May their pathway ever be bright and their efforts crowned with success, is the wish of their many friends.

J. E. Murrell was on the square at Jamestown, the first day of court, talking for the News and "Woodrow".

Eld. F. J. Barger, of Columbia, was enjoying the familiar scenes of by-gone days at Jamestown Monday.

There is reported to be a case of wo of small-pox, near Dent, this county.

Her Son Subject to Croup.

"My son, Edwin, is subject to croup," writes Mrs. E. O. Irwin, of New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. HERE'S SMILE OF PERFECT HEALTH

This Man Was Rheumatic Cripple

FINDS STRENGTH NEW WAY

John Lands, Victim of Chronic Stomach Weakness, and Generally Run Down Constitution, Tells How He Won New Vigor—Now Hale and Hearty, Enjoys Life to Limit.

Can YOU smile like this? Hearty, jolly, contented—it's the smile of perfect health. It comes from bounding red blood, joy in living, the vim and vigor of sound manhood.

How long since YOU have smiled like this. Be honest with yourself. Do you face the mirror in the morning with cheery pleasure over another day born, or do you get up tired, droopy and weary, with a bad taste in your mouth, aches in your body and bones, and a grouchy feeling against all the world in your heart? If the latter, then you need just what John Lands needed—and found.

John Lands is the smiler in the picture. He is a machinist and lives at 712 Freeman avenue, Cincinnati. It is the experience he has been through that makes him smile today.

Hobbled on Crutches. For five years John Lands has suffered from a weak stomach and kidney trouble. Rheumatism set in and at times made him virtually a cripple. He had to hobble around on crutches for weeks at a time, laying off from his work, losing time and money, suffering agony.

"I have taken fully a hundred different kinds of medicine to relieve my condition during the last five years," he said. "But nothing seemed to do me any real good. Food would lie heavy on my stomach and I had to take cathartics constantly. Then I had an extremely bad case of rheumatism. Once I had to lay off work for four months. I had to use crutches a good many weeks at a time."

"Look at me now! I am hale and hearty and enjoy life to the limit. I am in full possession again of all my natural vigor."

Tanlac Did It. "What did it? Tanlac, the wonderful new tonic and system purifier. It is one hundred per cent efficient. No medicine I ever took has done for me one-tenth of what Tanlac has done. Ask any of my friends who have seen me daily. They will tell you the same thing. This Tanlac is positively marvelous."

I Vash So Glad That I Vash Here.

(Published by request.)

One who does not believe in immersion for baptism was holding a protracted meeting and one night preached on the subject of baptism. In the course of his remarks he said that some believed it necessary to go down into the water and come up out of it to be baptized. But this he claimed to be fallacy, for the proposition "into" of the scriptures should be rendered differently as it does not mean into at all times. Moses said, we are told, went up into the mountain, and the Savior was taken up into a high mountain, etc. Now, we do not suppose either went into it. So with going down into the water. It means simply going down close by, or near to the water, and being baptized in the ordinary way by sprinkling or pouring. He carried this idea out fully and in due season closed his discourse, when an invitation was given for any one so disposed to rise and express his thoughts. Quite a number of his brethren arose and said they were well pleased with the sound sermon they had just heard and felt their souls greatly blessed. Finally a corpulent gentleman of Teutonic extraction, a stranger to all, arose and broke the silence that was almost painful, as follows:

"Mister Breacher, I ish so glad I vash here to night for I has had ex-blained to my mint some dings dat I neffer could pelief before. Oh! I ish so glad dat into does not mean into at all, but shust close by, or near to, for now I can pelief many dings vot I could not pelief before. We reat, Mr. Breacher, dat Taniel vash cast into de ten of lions and came out alive. Now I neffer could pelief dat, for wilt beasts would shust eat him up right off. But now it is very clear to my mint. He vash shust close by or near to and did not git into de ten at all. Oh, I ish so glad I vash here to night. Again we reat dat de Hephrew children vash cast into de firsh furnace, and dat always looked like a peeg fish story too. Dey would haf been purnt up, but it ish all blain to my mint now for dey was shust cast py or close to de firsh furnace. Oh, I vash so glad I vash here to night, and den Mr. Breacher it ish said dat Jonah vash cast into de sea and taken into de whale's pelly. Now I neffer could pelief dat. It always seemed to me to be a peeg fish story, but ish all blain to my mint now. He vash not in de whale's pelly at all, but shump onto his pack and rode ashore. Oh, I vash so glad I vash here to night. And now Mr. Breacher, if you will shush explain two more bassages of de scriptures I shall be oh so happy dat I vash here to night. One of dem ish where it saish de vicked shall be cast into a lake dat burns mit fire and primstone, always. Oh, Mister Breacher, shall I be cast into dat lake if I am vicked, or shust close py or near to, shust near enough to be comfortable? Oh, I hope you tell me I shall be cast only shust by, a good vays off, and I will be so glad I vash here to night. De udder bassage is dat vich saish plessed are dey who do dese commandments dat dey may haf a right to de tree ob life, and enter in droo de gates ob de city and not shust close by or shust near enough to see vat I haf lost and I shall be so glad I vash here to night."

For Winter Colds

You need a real tonic. Strength is required to overcome the trouble. Let that tonic be one that is specially valuable in catarrhal conditions, and you can conquer the cold. A cold is acute catarrh; it may become chronic. Chronic catarrh frequently becomes systemic, involving the stomach and the intestinal tract as well as the nose or throat. It means stagnation.

PERUNA IS INVIGORATION

It clears away the waste matter, dispels the inflammation and tones up the system. For forty-five years it has been used in catarrh by thousands of grateful sufferers, who willingly tell the world of their relief. Peruna's long history of helpfulness is the best evidence that it is what you should take.

Gradyville.

The weather is fine.
Corn gathering is the topic of the day through this vicinity.

Hogs continue to die with cholera.

Rev. W. C. Christle filled his appointment here last Sunday with a very interesting discourse.

Nat Walker, of Columbia, was here last Friday and Saturday mixing with our people.

There has been a great deal of tobacco sold to local buyers in this section at very satisfactory prices.

Corn is ready sale in this section at 60 cents per bushel.

Allen Rose, of Keltner, and W. G. Pickett, of Pickett, were through here the first of the week looking after tobacco.

Mr. Blodget, the well-known D. M. Ferry man, of Bowling Green, was through here the first of the week, taking up garden seeds. He reports the sale of seeds short.

Mrs. Joel Rodgers was on the sick list a few days of last week.

Uncle Robert O. Keltner, one of our oldest active men, was in Columbia a day or so of last week on business.

The election passed off quietly here with every Democrat and Republican that possibly could get to the polls were here and cast their votes just as they desired. While the election is over and our side of the question could not be pleased better. We believe in peace, good times, high prices and equal rights to all men. We believe the next four years will be the best times that we have enjoyed since we had our existence in the world. While we are satisfied of this, we believe our Republican friends will have the same privilege to enjoy the future as we do and we will all go along together without any discord, happy in the Lord.

War News.

London, Nov. 11 (12:35 p. m.)—The War Office announces that German trenches over a front of 1,000 yards on the Somme front were stormed last night by the British. The announcement follows:

"Last night the eastern portion of Regina trench (on the northern end of the Somme front) being a continuation of the length of trenches captured by us in our successful assault of October 21 was stormed and captured on a front of 1,000 yards, in spite of a heavy enemy barrage. The new trench has been joined up with the old line and the position secured. Prisoners of two regiments were taken. On the remainder of the front there was no change."

Berlin, Nov. 11 (by wireless to Sayville).—Berlin newspapers publish a statement from "competent military authorities," saying the Anglo-French drive on the Somme has been halted by the exhaustion of the Entente troops and their heavy losses and by unfavorable weather. The statement says:

"After the tremendous losses sustained by the British and French on November 5, when they employed six British and four and one-half French divisions without success in an attempt to break our front between LeSars and Bouchavesnes, they have been unable to drive forward for large attacks their exhausted and decimated troops over ground made impracticable by rain. All attempts have been stifled immediately by the fire of our artillery and machine guns and only south of the Somme near Pressoire did the French obtain insignificant local successes."

In The Providence of Almighty God Disease and Death Comes to All Mankind!

See to it that you are healthy. If not, why not? Do you have RHEUMATISM, CATARRH, any disease of the STOMACH, LIVER or KIDNEYS. If you have any diseased condition in any part of your body you should see to it NOW, delay is dangerous. You can't get well without some kind of medicine.

THE BEST IS**"COM-CEL-SAR"**

(Registered Trade Mark No. 38, 725.)

COMPOUND CELERY AND SARSAPARILLA

Disease robs you of health and happiness, man and womanhood robs children of their inalienable right to be happy and vigorous, and finally kills you.

If you are sick, get well. Don't die from disease. Don't wait and be crippled by rheumatism, or rot from catarrh of kidney disease. Don't be eaten up by filthy parasites. Get cured by taking God's Medicine-Root and Herbs-COM-CEL-SAR. It is legally Guaranteed. No cure, no pay. You can't afford to suffer for opinions sake, but you can afford to rely upon the testimony of your neighbors and be cured by COM-CEL-SAR. COM-CEL-SAR will place and keep in healthy condition the Stomach, Liver, Kidneys, Bowels, also keep the Blood Pure.

Keep the above named organs in a healthy condition and you will be immune, you can snap your finger at all diseases.

Drop the silly foolish prejudice that kills you. Abide by the laws of nature, use a little common sense and good judgment, get a Three Months Treatment of COM-CEL-SAR for One Dollar, from

Rugby.

Rev. Ferril, of Burkesville, closed a successful meeting a few days ago at Antioch. Had between thirty and forty conversions and the church is greatly revived. Brother Ferril is nearly blind, and is a Methodist minister, and delivered us some powerful discourses.

Rev. Chandler, of the Renox circuit, is carrying on a great meeting at Breeding. Brother Chandler is a very young man, but has been delivering some strong discourses, and is having a good meeting with several conversions.

Mr. Fred Simpson and Dallas Firquin were in Columbia last Wednesday.

Mr. Rodgers, of Keltner, and a Mr. Henson, of Sulphur Well, were in this neighborhood last week looking after their old interests. There is a pool of oil here on Harrod's Fork remember, and it would be a fine thing for the country if some oil wells were drilled.

Misses Mamie and Beulah Bean visited at Sparksville a part of last week.

Mr. James Gilpin and family believe in seeing the country. Since they bought their car they have been over much territory. He says that people here do not know what a good road is. We hope sometime if the world stands long enough to have good roads here in Adair county.

J. W. Blair, who left Glensfork several weeks ago, has landed in Elida, New Mexico, and he writes us that he is very well pleased. He has met a good many former Adair county people and says they are doing well. It intimates that it takes money to live in New Mexico. He says good drinking water is scarce. He likes the climate, and thinks it will be beneficial to his health.

Special Offer.

For a short time will furnish the daily Evening Post, Louisville, Home and Farm, Kentucky Governor's War map and the Adair County News, all one year for \$3.25. The map itself is worth \$1.50, but by accepting this offer you get it for almost nothing.

WELL DRILLER

I will drill wells in Adair and adjoining counties. See me before contracting. Latest improved machinery of all kinds.

No Change in Cabinet.

A dispatch from Washington says:—There will be no changes in the President's Cabinet unless some of the members voluntarily quit. At present there is no certain indication that any one of them will take that action. Much talk to the effect that Secretary McAdoo will quit the treasury post is not to be taken seriously. That there will be no changes in important offices close to the President may be stated just as positively.

The President is expected soon to give attention to the naming of members of the tariff board, or as soon as he completes his message to Congress, which he began before election day. Also, it may be stated, no especial emphasis is to be put on political affiliations in selecting a tariff board.

Ability, coupled with technical knowledge, will be first considered.

There have been many reports circulated regarding changes in the Cabinet, but officials in close touch with the President declared that it is almost certain that he will urge all the present members of the Cabinet to remain at their posts, and changes are not expected, unless members themselves desire to quit the official family.

Spokes Wanted.

The Adair Spoke Company is now receiving hickory and White Oak spokes, same kind as heretofore and at same prices.
